ABOUT ME

Full Stack Developer with **1+ year of experience** building scalable web applications using **PHP, MySQL, HTML, CSS, and JavaScript**. Experienced in developing **REST APIs**, implementing **secure authentication systems**, and **optimizing performance**. Also skilled in **AI-assisted development** for faster and efficient coding. **Utilizing Laravel** and **React** to architect modern full-stack web applications.

EDUCATION

PSN College of Engineering and Technology | Tirunelveli, India

Bachelor of Engineering (B.E.) in Computer Science and Engineering | 2021 - 2025

S.H.N.V Higher Secondary School | Sivakasi, India

Higher Secondary Certificate (HSC) | 2020 - 2021

PROFESSIONAL EXPERIENCE

Noxlay Cyber Tech | Sivakasi, India (May 2025 - July 2026)

Full Stack Developer (Promoted from Trainee → Intern → Full Stack Developer)

- **Promoted twice within 7 months to Full Stack Developer**, building and deploying production-grade **SaaS web applications.**
- Developed responsive user interfaces using **HTML, CSS, and JavaScript,** incorporating **technical SEO** to optimize page performance.
- Engineered secure backend **REST APIs in PHP** utilizing **JWT and Session-based authentication** to prevent security vulnerabilities.
- Optimized **MySQL database performance** by applying strict **data normalization, indexing**, and efficient **query refactoring.**
- **Deployed and managed live web applications** on cloud hosting platforms like **Hostinger using H-Panel** configurations.
