PROFESSIONAL SUMMARY

Full Stack Developer and Web Developer at Noxlay Cyber Tech with hands-on experience building client-facing websites, e-commerce platforms, B2B portals, and AI-integrated web tools. Skilled in PHP, MySQL, JavaScript, React, Next.js, responsive UI development, and LAMP environments. Experienced in database-backed application, payment integration, and product web delivery.

TECHNICAL SKILLS

Languages: PHP, JavaScript (ES6+), TypeScript, Python, HTML5, CSS3, SEO Optimization

Frontend: React, Next.js, Tailwind CSS, Bootstrap, responsive design

Backend & APIs: PHP, REST APIs, FastAPI, CRUD, Gemini API integration, Web Security (SQL Injection, XSS, CSRF)

Databases: MySQL, FIREBASE, Apache

Platforms & Tools: Linux, Apache, Git, GitHub, XAMPP, phpMyAdmin, VS Code , Antigravity

Integrations: Payment Gateway API, Google Gemini API

AI Engineering: Prompt Engineering, AI Tools Integration, AI-Assisted System Architecture

PROFESSIONAL EXPERIENCE

Full Stack Developer | Noxlay Cyber Tech | Dec 2025 – Present

- Develop and deliver client web applications and enterprise solutions using PHP, MySQL, JavaScript, and LAMP technologies.
- Build database-driven features, REST API integrations, responsive layouts, and validated business workflows.
- Support production deployment and enhancements with rapid validation and security-conscious coding practices.

Full Stack Intern – AI Integration | Noxlay Cyber Tech | Aug 2025 – Nov 2025

- Developed responsive frontend interfaces, PHP backend services, MySQL schemas, and CRUD/API functionality.
- Integrated AI-assisted workflows into business tools and contributed to full-stack application development.

Full Stack Trainee | Noxlay Cyber Tech | May 2025 – Aug 2025

- Completed hands-on training in HTML, CSS, JavaScript, PHP, MySQL, responsive web development, and MVC-oriented design.

Machine Learning Intern | Gradtwin Services | Dec 2024 – Feb 2025

- Built Python-based ML prototypes, including food-ordering recommendations and an image-classification pipeline.

INDEPENDENT / PERSONAL PROJECTS

ChessMate AI | Python, FastAPI, Stockfish 19, Next.js, TypeScript
Created a chess analysis companion with position evaluation, candidate moves, tactical lines, and interactive board insights.

JobGetter | Python, React, Firebase Firestore, GitHub Actions
Built a job aggregation and tracking dashboard with scheduled collection, duplicate detection, and role filtering.

AI-Integrated Portfolio Website | Next.js, React, TypeScript, Tailwind CSS, Gemini API
Developed a responsive portfolio featuring interactive components, project/certificate showcases, recruiter-focused content, and an AI chatbot.

CLIENT PROJECTS | NOXLAY CYBER TECH

SirenPyro: Built a product catalog website with digital browsing and GST estimation features

GrocerZap: Developed an e-commerce platform with product browsing, cart, checkout, and payment functionality.

Niranya Fashions: Delivered an online fashion storefront with product presentation and shopping experience

Foodcher: Contributed to a food marketplace web platform and its customer-facing experience.

Noxlay Website: Developed and maintained the company's corporate website and web presence.

EDUCATION

B.E. – Computer Science and Engineering | PSN College of Engineering and Technology | Graduated 2025

CERTIFICATIONS & ACHIEVEMENTS

- TCS iON National Qualifier Test (NQT) – 70.30% overall technical score (Dec 2024).
- AWS Academy Cloud Architecting – 60 course hours (Sep 2024).

ADDITIONAL TRAINING

- Machine Learning Internship – Gradtwin Services (Dec 2024 – Feb 2025).
- Full Stack Development Trainee – Noxlay Cyber Tech (May – Aug 2025).
